6. Basis of Selection

The selection of candidates will be purely on merit. The order of merit shall be determined by computing the marks obtained in the University examination, in the following manner:—

- The merit shall be arrived at by obtaining the sum of percentage of aggregate marks and the percentage of marks in the subject related to the speciality in which the candidate seeks Junior Residency.

Explanation:—For each candidate the merit will be determined by adding the percentage of aggregate marks and the percentage of subject marks in Medicine, Surgery, Obstetrics, and Preventive and Social Medicine separately.

Note:—While computing the aggregate marks, however, deduction indicated in 6 (ii) (a) above, shall not be made, in subject where 5% deductions has already been made for failure under subject marks at 6. (iii).

7. If two or more candidates secure the same number of marks in the merit list as drawn above, the subject marks should decide the merit. In case the subject marks are also the same, the total marks secured by the candidates in the III MBBS Examination shall decide the merit.
